Handy E+ Cross

Anywhere you need it, with ease.

Pneumatic wheels, front bumper, 5-litre tank for dust control on the side brushes, lockable storage compartment, and hooks for broom and litter picker: every detail is designed for those who work on the ground every day.

Perfect for cleaning pathways, courtyards, car parks, and outdoor spaces in both public and private settings: municipalities, cooperatives, service companies, tourist and commercial facilities.

Robust, manoeuvrable, and versatile, **HANDY E+ CROSS** is designed to simplify outdoor area maintenance, combining practicality and performance in a compact walk-behind sweeper.

Handy E+ Cross

DIRT COLLECTION IN BAG
The disposable bag collection system makes emptying the machine easier and protects the operator from direct contact with dust.

RAISED FILTER WITH CYCLONIC CHAMBER
The filter is positioned above the cyclonic chamber, keeping it away from dust and moisture and ensuring longer-lasting efficiency.

INTEGRATED STORAGE COMPARTMENT
For storing personal belongings or waste collection bags.

INTERCHANGEABLE BATTERIES FOR FULL-SHIFT OPERATION
The machine is equipped with a cost-effective and lightweight battery pack, easy to remove and replace. In addition, it features an onboard charger integrated into the machine.

PNEUMATIC WHEELS
Pneumatic wheels allow operation even on uneven surfaces and absorb shocks.

FRONT BUMPER
For protecting the brushes from impacts.

EASY MAINTENANCE
Routine maintenance is simple and can be carried out even by non-specialized operators. Replacing filters, brushes or the battery is quick and easy.

BROOM, GRABBER AND DUSTPAN
For complete, fast and practical cleaning.

TYPES OF FILTERS
Two types of filters are available:
• paper panel standard
• panel polyester for wet powders

EASY TO TRANSPORT
Small and light, it can easily be transported in a van.

POWERFUL SUCTION SYSTEM
It efficiently aspirates small and medium-sized fine powders and dirt.

WHEEL DRIVE
Equipped with traction, it does not require any pushing effort by the operator.
